Beloved Mothers

Please allow the CJC's Family Ministries Department to add our sentiments to the many greetings coming your way this season.

According to author, E. G. White, "The mother does not have to, like the artist, paint a beautiful form on canvass; nor, like the sculptor, to chisel it from marble. She does not have to, like the author, embody noble thoughts in words of power; nor, like the musician, to express a beautiful sentiment in melody. **Her duty is, with the help of God, to develop in a human soul the likeness of the divine.**" What a mission!

We deem it an honour to greet and congratulate you this Mother's Day, as you celebrate with your families and your church God's precious calling on your lives.

Mom, thanks for your devoted labour of love. We lift you up in prayers. Please accept our grateful embrace.

Respectfully,

Pastor Horace Wilson
Director, Family Ministries & Counselling Services
