

Important Notice from the Ministry of Health and Wellness (MOHW)

Instructions for Members of the Public:

The aim of the MOHW at this phase of the outbreak is to detect early spread within the community so that containment and management procedures can be targeted:

*Persons who develop symptoms while at home are to call the Covid-19 hotline (see below) and follow instructions.

*All members of the population, whether they have travelled or not, if they have symptoms of fever and/or respiratory symptoms must stay home and call the Ministry of Health and Wellness Covid-19 hotline.

*If symptoms are severe, persistent or of worsening condition, contact must be made with the Ministry of Health and Wellness to be directed to visit the Health Centre or the Accident and Emergency Departments and receive advice and assistance about transport and treatment.
