## **TO ALL PASTORS, ELDERS AND FAMILY MINISTRIES LEADERS**

Greetings:

I am honoured to serve as the Family Ministries Director for the Central Jamaica Conference, carrying the baton passed on by Dr Roy Dennis. We praise God for his work in this capacity, and I am humbled to continue this work for the duration of the term.

I am using this medium to solicit your prayers and support as we unite to expand the kingdom of God through Family Life. We will be concentrating on three (3) imperatives: 1. Education, 2. Enrichment, and 3. Counselling. We will be relying on our brothers and sisters in the churches to continue to give your support especially with counselling, as we continue our endeavours in making family life a priority in the Central Jamaica Conference.

Additionally, we are hoping to revive two (2) ministries in the department: the Singles Ministries Club and the Couples Club. These clubs are key to the strengthening of families in our churches.

For this year, we are focusing on the theme “**I Will Go with My Family: Family Resilience**” and there are two very important events coming up as slated on the Calendar of Events and we seek your full support:

1. Christian Home and Marriage Week (**February 13-19, 2022**)
2. Men’s Convention (**February 26, 2022**)

Accompanying this letter are some resources, including sermons, that will prove helpful as we seek to build family resilience. We will also make these resources available, as always, on the CJC website.

Thank you for your support as we seek, by the grace of God, to make our families stronger and more resilient in these difficult times.
